

Thank you.!!

10th International Symposium on 'Kinetics in Analytical Chemistry'

<http://www.fountainshotel.co.za/>
FOUNTAINS HOTEL
Cape Town, South Africa
02-04 December, 2009

Second Call

The 10th International symposium on Kinetics in Analytical Chemistry will be held in Cape Town, South Africa for the first time in the history of the symposia, from 2-4 December 2009. The symposium themes are Electrochemistry, Chromatography and Spectroscopy which aim at including all research activities involving time-based studies, i.e. rate studies or trend analysis, statistical evaluation of analytical data, efficiency of systems/methods, kinetics of catalytic systems etc. The KAC-10 symposium is aimed at widening the network of Analytical Scientists in Southern Africa and extending opportunities for networking within South Africa and internationally. To this end we have selected international plenary speakers who demonstrate the diversity which Analytical Chemistry encompasses. Their expertise cover research areas such as health, the natural environment, bio-electrochemistry, sensors and advanced separation science.

Analytical Letters – *special issue ...!!*

David J. Butcher

Professor of Chemistry and
Associate Dean of the College of Arts and Sciences
Western Carolina University, Cullowhee, NC 28723

Now in its 31st year as a leading periodical in the field, this rapid communication journal provides the fastest, most efficient transmittal of recent advances in all areas of analytical chemistry.

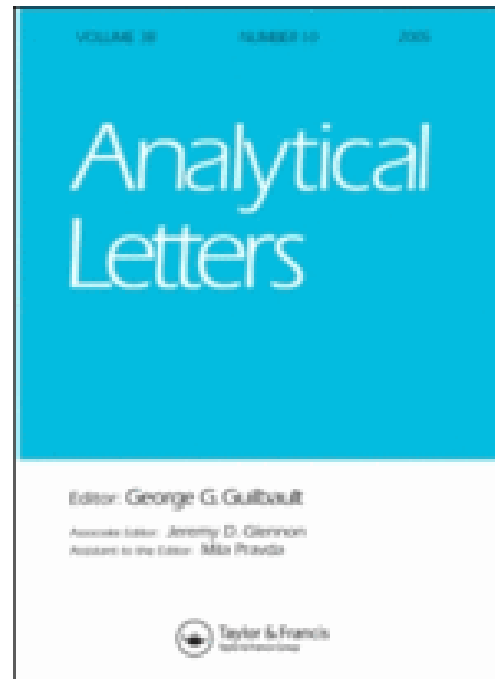

Presenting short papers, original ideas, observations, and important analytical discoveries, this established international journal fulfills a critical need by furnishing scientists with new results to apply in their own research in the briefest time possible.

Featuring an improved, easier-to-read format, **Analytical Letters** ensures the most thorough coverage of significant developments and new research in analytical biochemistry analytical chemistry chemical and biosensors chemometrics/data handling clinical chemistry electrochemistry environmental analysis forensic and toxicological analyses pharmaceutical analysis separations spectroscopy and much more!

Publisher: [Taylor & Francis](#)

Impact factor: 1.36

ISSN: 0003-2719, OCLC: 45273440

Website: [Analytical Letters website](#)

Material type: Document, Periodical, Internet resource

Document type: Internet Resource, Computer File,
Journal / Magazine / Newspaper

The organizing committee of the 10th International symposium on Kinetics in Analytical Chemistry, gratefully acknowledges the funding and support of the following Sponsors and Exhibitors:-

Thank you.... **Thank you....** *Thank you....*

- Organising committee – SensorLab
- Plenary speakers:
 - Eithne Dempsey
 - Frederic Lynen
 - Rene van Grieken

• International delegates: Poland, Austria, Portugal,
Belgium, Ireland

• Southern African delegates:

• Capetonian delegates:

• Fountains Hotel: Cape Town

• Family and friends

Ayoba.....!!!

Where to from here.....

Kinetics in Analytical Chemistry symposium

KAC-11 in 2011

Professor Yaroslav Korpan

Ukraine

BON VOYAGE...
